

Due Diligence Studies

Integrated Solution – Global Reach

What We Do

Petroleum Development Consultants Limited (PDC) provides advice to the upstream oil and gas industry. Based in our offices in London and Aberdeen, our teams of engineers and geoscience staff solve problems and help oil and gas companies succeed with the challenges of the modern industry.

PDC has assisted a range of clients from oil and gas companies and banks in their due diligence process during the acquisition process of assets, or the approval of financing.

Through the attendance of data rooms and facility site visits, PDC can assist with both the technical and commercial aspects of the due diligence process.

With our experienced pool of geoscientists and engineers we can build and mobilise a team at short notice to any part of the world.

PDC offers its services in both the upstream and downstream portions of the industry so has the flexibility of working on a greater range of projects.
