## Global Solutions – Global Reach Reserves Auditing

Would you be keen to use an alternative reserves auditor to the traditional providers? Then consider PDC. Over the last two years we have assisted oil companies and financial institutions in providing reserves audits / competent person reports for reserves based lending, market requirements and internal auditing.

Our **projects** in the last year include:

- **Ivory Coast:** Competent persons report for a billion barrel oilfield based on a reserves based loan
- **Mozambique:** Technical reserves report for two gas fields based on a reserves based loan
- **Nigeria:** Technical reserves report for offshore gas field
- **Papua New Guinea:** Technical reserves report for onshore gas field

In the last year PDC has provided vital support for raising over US\$300 million for our clients and are keen to work with you to assist in reserves based lending projects or to satisfy stock market requirements.
